

# TOWER CRANE

## GRAB THE ROI

Suitable for commercial or recreational use, construction theme equipment rides are a solid investment. Entertain friends and family, expand attraction offerings, or start a mobile fleet operation for events and rentals. Generate long term revenue with a profitable business in kids construction rides.

## KEY FEATURES

- Can be started with coins or remote control
- Programmable ride time, from 1 to 60 minutes
- Adjustable rotation settings of 90° and 180°
- Settings for movement speed to adjust sensitivity
- Dual joysticks for jib, trolley, and cable control
- Cable can lift 40 lbs. up to 6 feet high
- Sliding seat for reach adjustments
- Integrated MP3 music player with speaker
- Color changing LED lighting on jib above operator
- Meets worldwide safety standards
- Hydraulic power unit driven by electric motor
- Mechanical controls minimize risk of electronic component failures
- Includes 6-month warranty on electric & hydraulic systems, 1 year on chassis components

## UNIQUE ATTRACTION

The Mini Tower Crane is a coin-operated or remote control amusement ride designed for heavy equipment enthusiasts of all ages. With hydraulically controlled boom and cable system, the small, electric powered machine provides an experience that is similar to operating a full-size crane. From 3-year-old kids to curious parents, the interactive Mini Tower Crane ride is helpful to develop hand/eye coordination, stimulate logical thinking and problem solving.

## MULTIPLE APPLICATIONS

Made from high quality materials, this machine can be used indoor or outdoor. Mini Tower Cranes can be set up in amusement parks, pumpkin farms, shopping malls, party rentals, family entertainment centers (FECs), and other private events throughout the world. Optional types of lifting mechanisms include claw and magnetic which allow the ride-on crane to be configured for each customer's requirements.
